7 April 1966

MEMORANDUM FOR: Deputy Director for Science and Technology

1. I understand that the survey of requirements for photo interpretation initiated by DDI, and being conducted by CGS, is moving along. DD/S&T has no explicit participation here except to be cooperative.

2. We have nominated representatives from OSI and FMSAC to participate on a DDI sponsored committee to look into the basic analyst-interpreter relationship to see if improvements could be made by bringing a few interpreters into Headquarters, a few light tables, etc. Paul will confirm this in a memorandum to Ed Proctor.
